

UETDRRF004 - PERFORM RESCUE FROM A LIVE LV PANEL

Course Overview

This Competency Standard Unit covers the performance of rescue procedures from live Low Voltage (LV) apparatus, not including overhead lines and underground cables in the work place. It specifies the mandatory requirements of rescue from a live LV panel and how they apply in the context of transmission, distribution or rail work functions. It encompasses responsibilities for, health, safety and risk management processes at all operative levels and adherence to safety practices as part of the normal way of doing work.

Practice in the workplace and during training is also subject to regulations directly related to occupational health and safety and where applicable contracts of training such as apprenticeships.

Note:

1. Compliance with permits may be required in various jurisdictions and typically relates to the operation of plant, machinery and equipment such as elevating work platforms, powder operated fixing tools, power operated tools, vehicles, road signage and traffic control and lifting equipment. Permits may also be required for some work environments such as confined spaces, working aloft, near live electrical apparatus and site rehabilitation.
2. Compliance may be required in various jurisdictions relating to currency in First Aid, confined space, lifting, risk safety measures etc.

Refer to: Refer to: <https://training.gov.au/Training/Details/UETDRRF004>

Course Topics

- Emergency procedures for the rescue of a victim from a live LV panel
- Inspection of rescue equipment
- Assessing hazards where appropriate
- Isolation procedures where appropriate
- Involvement of external emergency services
- Placement of rescue equipment
- Controlling hazards to rescuer, victim and others
- Practical demonstration of rescuing a person
- Removing victim to safe location/place of safety

Who Should Attend?

This unit of competency targets people who require Low Voltage Rescue knowledge in their workplace which can include Electricians, Apprentice Electricians and Trades Assistants.

RPL: N/A

NOTE: Refer to the next page down for the CPR requirements that form part of this course.

Course Delivery and Assessment

Pre-Requisite:

HLTAID009 Provide Cardiopulmonary Resuscitation

Dress Code:

No Skirts or Dresses
Closed in Shoes

Duration:

4½ Hours

Assessment Details:

- Multiple Choice and Practical Assessment
- Risk Assessment

Fees:

Price on Request

Certificate:

Statement of Attainment
Wallet Card

RTO Number: 31494

**49 Condamine Street
Dalby Qld 4405**

Ph: 07 4662 6860 (option 2)

Email: training@macnellies.com.au

Group Bookings and Onsite Training Welcome.

THE COMPLETE PACKAGE

HLTAID009 PROVIDE CARDIOPULMONARY RESUSCITATIONS

Course Overview

This unit describes the skills and knowledge required to perform cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines.

This unit applies to all workers who may be required to provide CPR, in a range of situations, including community and workplace settings.

Refer to: <https://training.gov.au/Training/Details/HLTAID009>
